EXPERIENCE

Seagoing

Over 20 years of sea going experience on a variety of vessels including bulkers, timber carriers, general cargo, heavy lifts and Multi-Purpose vessels. As Master, he was also involved in detailed inspections and repairs to vessels and in investigations of various marine accidents.

Shore Based

Captain Ion has 13 years of shore experience in Athens based ship management and owning companies, including for charter conflict resolution & speed and performance analysis. He has extensive experience in the smooth operation of vessels, settlement of disputes by providing invaluable support to Claims Department. He is also experienced in planned maintenances & effective management of ship budgets to meet industry standards without compromising on safety aspects. As Superintendent, liaised with Class and Flag entities to ensure vessels met statutory requirements. He is well versed in ship management, vessel inspections, new buildings supervision and sea trials, audits, damage repairs, dockings, crew selection, claims, vessel contingencies, imparting training to seafarers and guidance to mariners and superintendents.

Since joining W.E.M. and Shipcare, Captain Ion has supplemented his considerable knowledge with increasing hands-on experience of vessel inspections and consulting, as well active application of his knowledge to a number of cargo and vessel damage disputes.
